

“Breaking the Boundaries: Reimagining Health Research and Clinical Practice for a Healthier Tomorrow”

**June 9-10, 2025, in New Orleans, LA
Register today!**

Join a groundbreaking symposium uniting Academy, Community, Government, and Industry to explore new ways of innovating clinical care, transforming research processes and advancing health. Through interactive panels, networking, and real-world success stories, we will identify actionable steps to transform health outcomes in Alabama, Mississippi, Louisiana, and beyond.

Why You Should Attend

- **Shape the Future:** Help define new priorities, policies, and innovative strategies that address health issues.
- **Collaborate Across Sectors:** Connect with collaborators from multiple fields who share a passion for improving community health.
- **Build Meaningful Partnerships:** Discover opportunities for joint research projects, funded initiatives, and community-led interventions.
- **Elevate Your Voice:** Contribute your insights and experiences to a collective roadmap that can guide national conversation and practice.
