

EXPEDITIONS

Dissemination | Implementation | Translation | Innovation

Join us for an engaged discussion on:

Community-Engaged Dissemination and Implementation Research

Tuesday, May 13

3 - 4:30pm (CT), WTI 101

Join us in-person for the next CCTS expeditons forum, focusing on community-engaged approaches to dissemination and implementation (D&I) research. This session will feature insightful presentations from leading experts across the CCTS Partner Network.

Presentations include:

- *Overview of Community-Engaged Dissemination and Implementation Science*, by **Dr. Robin Lanzi**
- *Co-Designing Food as Medicine for Hospital-Discharged Patients*, by **Dr. Jing Li**
- *Prescriptions for Community Health: Implementing a Food is Medicine and Exercise is Medicine Initiative*, by **Dr. Lori Bateman**
