UNIVERSITY OF ALABAMA AT BIRMINGHAM

Commencement

SATURDAY, AUGUST 16, 2025

BARTOW ARENA

BIRMINGHAM, ALABAMA

TO OUR GUESTS

Welcome to the Summer 2025 Commencement of The University of Alabama at Birmingham. The pageantry of today's ceremony is the culmination and recognition of years of study, preparation, and achievement of our graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority and are led by the UAB Academic Mace (see page 11). For the Commencement ceremonies, the mace is carried by Kevin McCain, Ph.D., the recipient of the 2024 Caroline P. and Charles W. Ireland Prize for Scholarly Distinction. Dr. McCain serves as Professor and Chair of the Department of Philosophy in the College of Arts and Sciences. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System's Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni outside of Bartow Arena; they will not be allowed on the arena floor.

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

Over the five-plus decades since it was founded in 1969, the University of Alabama at Birmingham has earned international renown for its innovative academic programs, groundbreaking research and scholarship, and leading-edge patient care. In the 2024-2025 U.S. News & World Report “Best Global Universities” rankings, which focus on academic research and overall reputation, UAB was in the top 6 percent globally.

UAB’s total enrollment reached 20,905 in fall 2024, a 12 percent increase from fall 2014. The average ACT score for first-time freshman in fall 2024 was 26.5 and the average GPA was 3.77.

The 2024-2025 academic year saw UAB continue to expand its Blazer Core Curriculum. This 21st century undergraduate curriculum is focused on experiential learning in the real world that effectively equips students to think critically and collaborate on solutions to local and global challenges.

In the 2025 U.S. News & World Report “Best Graduate Schools” rankings, UAB had six programs in the top 10, including a Master’s in Health Administration program that once again ranked first in the nation.

Students and their faculty mentors are engaged in one of the country’s leading research enterprises. In fiscal year 2023, UAB’s research expenditures reached a record \$780 million, extending the most successful era of research funding growth in the university’s history. Over the past decade, research funding has grown by 82 percent.

In order to build on that momentum, UAB launched its Research Strategic Initiative in 2023 to substantially increase its impact on people’s lives. UAB discoveries are translated into commercialization success through the Harbert Institute for Innovation and Entrepreneurship. In fiscal year 2024, the institute generated \$6.5 million in revenues and launched five startups.

UAB’s research is also being translated into world-class patient care. UAB Hospital — the nation’s eighth largest hospital — was again ranked by U.S. News & World Report as the best hospital in Alabama in its 2024-2025 list, with seven adult specialties ranked among the nation’s best. On Nov. 1, 2024, the UAB Health System Authority assumed ownership of the Ascension St. Vincent’s Health System in central Alabama. Former St. Vincent’s sites of care and operations, including the hospitals at Birmingham, Blount, Chilton, East, and St. Clair, are now known as UAB St. Vincent’s.

In March 2025, UAB officially launched a new visual identity to reflect its dynamic growth, commitment to excellence and bold vision for the future. For the first time in its history, UAB now shares a primary monogram that will be used across the enterprise, including the university, UAB Medicine and Athletics.

With more than 35,000 employees, UAB is the largest employer in Alabama, with a statewide economic impact exceeding \$12.1 billion annually in fiscal year 2022, up from \$7.15 billion in fiscal year 2016. In 2021, Forbes ranked UAB number one on its list of Best Large Employers (above the likes of Mayo Clinic, NASA, and Google).

UAB ALMA MATER

The UAB Alma Mater was composed by Birmingham native David McNeeley in 2003. A competition was held, and a committee comprising UAB faculty, administrators, students, and alumni selected it from numerous submissions. The Alma Mater expresses the unifying sentiments of pride, respect, and cherished memories for the university.

THE ACADEMIC COSTUME

The custom of wearing academic caps, gowns, and hoods can be traced to the twelfth century. At that time both men and women wore long, full, flowing robes. This mode of dress gradually changed so that by the end of the seventeenth century only legal and official personages wore gowns. However, certain guilds and universities established the tradition of wearing prescribed apparel. In universities, the details of the dress distinguish the different degrees of learning and the faculty. In the United States, as a result of our English heritage, caps and gowns have been used from colonial times, especially at our older universities such as Columbia (King's College), New York University, University of Pennsylvania, Bryn Mawr, Yale, and others. Around 1885 there was a widespread student movement to wear caps and gowns at commencement. The faculties approved this dignified graduation dress and soon adopted the custom of wearing gowns at academic ceremonies.

In 1895, the Intercollegiate Commission presented American institutions of higher learning the Intercollegiate Code. This code regulated the design of gowns and hoods as well as the colors and materials to be used. The code was subsequently adopted by more than 95 percent of U.S. colleges and universities. It has given America an impressive but simple method of signifying scholastic honors.

The code provides for three types of gowns. The gown for the bachelor's degree is made of green material and has long pointed sleeves. The gown for the master's degree is made with an oblong sleeve open at the wrist. The rear part of this oblong shape is square cut and the front part has an arc cut away. The gown for the doctor's degree has bell-shaped sleeves. It is faced with velvet and has three bars of velvet on each sleeve. The color of the velvet trim may be black or the same color as the velvet which edges the gown.

The green oxford or mortarboard-style cap is worn for all degrees, but only the doctor's cap may be made of velvet and have a gold tassel.

The hood is the most important and distinctive feature of the American code. An understanding of the system makes it possible to distinguish readily bachelor's, master's, and doctor's hoods and to recognize the university which gave the degree. The doctor's hood is four feet in length and made with a wide panel. The master's and bachelor's hoods are three and one-half and three feet in length, respectively. They are made of black cloth and are lined with silk in the official academic colors of the institution which conferred the degree. The hoods worn by graduates of The University of Alabama at Birmingham are lined in green silk with a gold chevron. The trim of all hoods is velvet, two inches, three inches, and five inches wide for bachelor's, master's, and doctor's degrees, respectively. The color of the velvet trim indicates the discipline or faculty to which the degree pertains. Each discipline has been assigned a different color by the Intercollegiate Code. The following is a list of colors assigned to several of the disciplines within The University of Alabama at Birmingham.

Arts	<i>White</i>	Nursing	<i>Apricot</i>
Business	<i>Drab</i>	Optometry	<i>Seafoam green</i>
Dentistry	<i>Lilac</i>	Philosophy	<i>Dark Blue</i>
Education	<i>Light Blue</i>	Public Health	<i>Salmon Pink</i>
Engineering	<i>Orange</i>	Science	<i>Gold-yellow</i>
Fine Arts	<i>Brown</i>	Social Science	<i>Citron</i>
Medicine	<i>Green</i>		

A few years ago some Ivy League colleges approved the wearing of gowns which were not black but the official school colors. This trend has expanded so that currently many colleges and universities have adopted special colored gowns. The members of The Board of Trustees of The University of Alabama system wear a green gown with gold trim at The University of Alabama at Birmingham academic ceremonies. Colored gowns worn by many faculty identify the doctoral degrees of many American and foreign universities.

THE CEREMONIAL ACADEMIC MACE

The ceremonial academic mace appeared in European universities during the fourteenth century and represented the amalgamation of two much older staff-like devices of similar length and shape. These were the regal scepter and the medieval battle mace. Kings throughout history have carried scepters as insignia of the lawful authority of just rulers. The battle mace was first used by medieval princes as an effective hand weapon in combat.

In the fourteenth century, the royal scepter and the battle mace were combined to produce the ceremonial academic mace. It was carried before royalty, mayors of cities, and chief officers of the medieval universities.

In modern times, the mace is used on ceremonial occasions in the life of the university. In commencement exercises, the mace specifically indicates the authority of the university president to award degrees. The mace immediately precedes the presidential party in the ceremonial procession. For the Commencement ceremonies, the mace is carried by Kevin McCain, Ph.D., the recipient of the 2024 Caroline P. and Charles W. Ireland Prize for Scholarly Distinction. Dr. McCain serves as Professor and Chair of the Department of Philosophy in the College of Arts and Sciences.

The UAB mace is fashioned in three metals: brass, bronze, and stainless steel. The use of these metals--especially the stainless steel--is intended to signify Birmingham's traditional role as an iron and steel producing center.

At the lower end of the mace are three medallions of enamel on copper. One medallion bears the image of the lamp of knowledge. Another bears the traditional symbol of the physician, the Caduceus (Aesculapius, Greco-Roman god of medicine, was embodied at the temple of Kos as a statue holding a serpent, a symbol of long life, healing, and knowledge. A staff and a second serpent were added later to form the Caduceus). The third medallion is the UAB logo in gold on a green enamel background with a red enamel glow on the collar to symbolize the molten metal characteristic of old Birmingham and its blast furnaces.

The UAB mace was commissioned, designed, and executed in 1989 by the noted Alabama sculptor, Cordray Parker, with the help of Heidi J. Bowman on the enameled medallions. In 2021, Jamey Worrell, Ph.D., professor of accounting in the Collat School of Business, handcrafted a new stand for the mace. He sourced lumber from felled trees on UAB's campus and around Birmingham, selecting wood that represents some of the university's best qualities: oak for strength, hickory for resiliency, elm for knowledge, and cherry for passion.

The mace was made possible through the generosity of the late Samuel B. Barker, Ph.D., and his late wife, Justine. Dr. Barker, distinguished professor emeritus and dean emeritus of UAB, was the first dean of the UAB Graduate School and a leading patron of the arts in Birmingham.

THE ACADEMIC GONFALONS

The academic gonfalons feature the UAB logo, the university seal and the name of the schools in white on a background of black, in keeping with the traditional black academic gowns worn by students and faculty. Each gonfalon also features a border of the school's academic color, which is repeated across the entire back of the banner. The exception is the UAB gonfalon, which features white letters on a green background, bordered and backed in gold, denoting UAB's official colors.

UAB The University of Alabama at Birmingham

Dear Graduate,

Congratulations on your graduation and welcome to the UAB alumni family!

You've conquered your fears, scaled mountains with dedication and hard work, persevered through classes, labs, and internships, and navigated the complexities of college life. With your coursework behind you, you've earned a coveted degree and can proudly call yourself a graduate. You are now part of an exclusive club – a global alumni network of over 165,000 Blazer dreamers and achievers.

As president of the UAB National Alumni Society, I am thrilled to welcome you as the university's newest alumni. Welcome to the family!

I invite you to stay involved and connected. Join us at the many upcoming events hosted by the UAB National Alumni Society. Visit alumni.uab.edu/events to see what's happening and join us for some fun. When you return to campus, share your visit on our social media platforms (@uabalumni) and follow us. It's a great way to gain insight, network, and stay informed about all things UAB.

Lastly, I encourage you to "Be Seen in Green" by proudly wearing the green and gold, and remain "ever faithful, ever loyal." It's another way our amazing UAB alumni make an impact. The UAB National Alumni Society has much to offer, and as a graduate, you are automatically a member.

Congratulations on your accomplishments, and welcome to the alumni family!

Go Blazers,

Sheri E. Robinson

CANDIDATES FOR DEGREES

HONORS DESIGNATIONS

The University of Alabama at Birmingham awards degrees with special designations to students who have achieved meritorious scholastic standing. Honor designations for undergraduates are based on grades reported prior to the completion of spring semester and may not reflect all earned honors. The designations are as follows:

Designation	Grade Point Average (A=4.00)
Summa Cum Laude	3.90 - 4.00
Magna Cum Laude	3.70 - 3.89
Cum Laude	3.50 - 3.69

An undergraduate student graduating with Summa, Magna, or Cum Laude honors is also accorded the privilege of wearing a gold honors cord.

The UAB Honors College brings together high-achieving intellectually curious students from all majors to form a close-knit community of emerging scholars. Honors students may follow a personalized curriculum or specialize in global and community leadership (GCL), science and technology (STH), or interdisciplinary arts and sciences (UHP). Honors students are recognized with “distinguished honors” for earning 18 hours of honors credit and “high distinguished honors” for 30 or more hours of honors credits. Students completing honors requirements wear a white cord and a UAB Honors College medallion.

School of Dentistry – The “With Honors” designation indicates at least a B average, completion of an approved plan of study and research, and completion of a relevant thesis.

Schools of Medicine and Optometry – Honors are given to those in the upper ten percent of their class based on overall grade point average. The designation Magna Cum Laude and Summa Cum Laude are not routinely awarded. Any graduate receiving such a designation is outstanding in ability and performance.

Veterans who have served in the United States Armed Forces wear a red, white and blue cord.

ACADEMIC

This is a list of candidates for graduation unless otherwise noted, prepared before final grades were reported, and inclusion therein does not constitute evidence of graduation.

TO OUR GUESTS

Welcome to the Summer 2025 Commencement of The University of Alabama at Birmingham. The pageantry of today's ceremony is the culmination and recognition of years of study, preparation, and achievement of our graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority and are led by the UAB Academic Mace (see page 11). For the Commencement ceremonies, the mace is carried by Kevin McCain, Ph.D., the recipient of the 2024 Caroline P. and Charles W. Ireland Prize for Scholarly Distinction. Dr. McCain serves as Professor and Chair of the Department of Philosophy in the College of Arts and Sciences. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System's Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni outside of Bartow Arena; they will not be allowed on the arena floor.

DOCTORS OF PHILOSOPHY

Allyn Abadie (Nutrition Sciences).....	Murrieta, CA
Dissertation:	Breath Acetone as a Biomarker for Concussion
Co-Chair:	Dr. Jose Fernandez
Co-Chair:	Dr. Paula Chandler-Laney
Oluwatomi Toluwanimi Akinduro (Biology)	Ondo, Nigeria
Dissertation:	The Role of Human Breast Milk-Derived Exosomes in Regulating Microglial Inflammation
Co-Chair:	Dr. Brian Sims
Co-Chair:	Dr. Stephen Watts
Hasan Alrefai (Immunology)	Libya, Palestine
Dissertation:	Moving Beyond M1/M2: Xenoline-Polarized Macrophages as a Physiologically Relevant Model of Tumor-Associated Macrophages in Glioblastoma
Chair:	Dr. Christopher Willey
Zachary Enos Arnold (Medical/Clinical Psychology).....	Salem, NH
Dissertation:	A Mixed-Methods Study of the Experiences of Rural Families that have a School-Aged Child Diagnosed with Autism Spectrum Disorder (ASD)
Co-Chair:	Dr. Sarah O'Kelley
Co-Chair:	Dr. Cassandra Newsom
Ciera Lynne Bartholomew (Nutrition Sciences).....	Cedar City, UT
Dissertation:	The Role of Insulin Sensitivity in Changes in Lean Mass and Muscle Quality During Weight Loss
Co-Chair:	Dr. Barbara Gower
Co-Chair:	Dr. Catia Martins
Jason Alexander Blake (Medical/Clinical Psychology)	Blue Bell, PA
Dissertation:	Stroke Survivors: Predicting Cognitive Outcomes by Stroke Severity, Caregiver Factors, & Social Determinants of Health
Chair:	Dr. Olivio Clay
Morgan Blake (Biochem Structural/Stem Cell BY).....	Loxley
Dissertation:	Virulence Factors and Their Binding Partners: A Biochemical Study
Chair:	Dr. Chad Petit
Kasey L. Brida (Genetics, Genomics, & Bioinformatics).....	Lansdowne, PA
Dissertation:	Reelin Regulation of Striatal Physiology and Cocaine Reward
Chair:	Dr. Jeremy Day

Charlotte Franziska Brzozowski (Neuroscience).....	Ravensburg, Germany
Dissertation:	Impact of Alpha-Synuclein Sggregation on Corticostriatal Synaptic Function and Morphology
Co-Chair:	Dr. James Hardaway
Co-Chair:	Dr. Laura Volpicelli-Daley
Nicholas Alan Carlisle (Health Behavior)	Daleville
Dissertation:	Tune In, Turn On, End HIV? Exploring the Potential for Psychedelics to Reduce HIV Infections and Improve Health and Wellbeing in Gay, Bisexual, and Other Cisgender Men Who Have Sex with Men in the United States
