TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

Research Orientation Program (ROP) for Those New to Clinical Research Roles | This one-session, high-level overview of how to implement a sponsored or investigator-initiated clinical study is ideal for young investigators and research staff who are new to clinical research. Want a refresher course? ROP emphasizes key aspects of a clinical trial. **August 21, 9am-12:30pm via Zoom.** [Register for ROP here.](#)

Train Your Team! CCTS Research Training Program (RTP) Starts September 2nd | This 6-week program provides in-depth training on essential areas of clinical investigation with key leaders at UAB. This opportunity is appropriate for study coordinators, billing managers, regulatory staff, and other research team members. [Register for RTP here.](#)

Leadership & Well-Being in Research | Scientist leaders at UAB are invited to participate in *Leading Science Well*, a research study exploring how leadership behaviors and job crafting practices can enhance workplace engagement and reduce burnout in research settings. Participants will complete an 8-week asynchronous curriculum (1 hour per week) and receive a certificate upon completion, with optional discussion groups providing further engagement opportunities. [Learn more and enroll by September 9th.](#)
