

42nd Annual Department of Medicine Trainee Research Symposium

APPLY NOW

All trainees and staff scientists in the Department of Medicine (DOM) are invited to present your research at the annual DOM Trainee Research Symposium on Wednesday, March 4, 2026.

Eligible participants are encouraged to submit an abstract describing their original basic, clinical, or population research. All accepted abstracts will be presented as posters, with awards presented in each available category.

ELIGIBILITY

Eligible participants include:

- Residents (Housestaff, PGY 1-3)
- Fellows (Subspecialty Fellows, PGY 4-7)
- Post-docs (MD/PhD doing post-doctoral training in DOM)
- Graduate Students/Medical Students with DOM mentors
- Undergraduate Students with DOM mentors
- Staff Scientists

SUBMISSION DEADLINE

Tuesday, January 20, 2026,
5:00 p.m.

SUBMISSION REQUIREMENTS

- Each trainee may submit only **one** abstract as first author. Abstracts submitted to other meetings for presentation this spring or presented at recent meetings are eligible.
- Individuals holding a faculty appointment at the level of Instructor or above at the time of the Symposium are not eligible.
- Limit abstracts to **500 words or less**, excluding title and authors. **No figures and tables** are allowed in submitted abstracts.
 - Abstract format should consist of: Objective, Methods, Results, Conclusions/Broader Impacts, and Acknowledgements. References not required. **Use Arial, 11 pt. font** for body; justified and single line spacing.
- Online registration is required for abstract submission. All abstracts will be assigned to poster presentations.
