% Research	0	0	0	100	100	100	100	100	100	100	100	100

THIRD YEAR BLOCK

Block	1	2	3	4	5	6	7	8	9	10	11	12
Site	Site 1	Site 1	Site 1 or 2	Site 1	Site 1	Site 1	Site 1	Site 1	Site 1	Site 1	Site 1	Site 1
Rotation Name	Peds ID Consults "pretending"	Peds ID Consults	Clinical Elective	Research	Research	Research	Research	Research	Research	Research	Research	Research/ Vacation
% Outpatient	20	20	variable	0	0	0	0	0	0	0	0	0
% Research	0	0	0	100	100	100	100	100	100	100	100	100

Rotations: Microbiology/Clinical ID Introduction – Core concepts essential for Peds ID clinical service
 Pediatric Infectious Diseases Consultation Service – Broad range of Peds ID clinical practice, including inpatient and outpatient services
 Clinical Elective – Inpatient and outpatient experiences tailored to the trainee’s interests. Possible electives include: Travel Medicine, International Adoption Clinic, Stem Cell Transplant Unit, Tuberculosis Clinic, Sexually Transmitted Infection Clinic, Adult ID, Pulmonology, and Immunology
 Research – Fellows have protected time to pursue scholarly activity. Most fellows engage in clinical, translational, or basic research, as well as quality improvement and outcomes research.

Site 1 = Children’s of Alabama (Site Director – Scott H. James, MD)
Site 2 = University of Alabama Hospital (Site Director – Scott H. James, MD)

Total number of clinical months – 12
 Total number of research months – 24
