## **UAB Eye Care Exam Authorizations**

\*\*SERVICES AND FEES:\*\* I hereby consent to the examination and treatment that the provider feels is necessary for rendering good vision care. I understand that some services I receive at UAB Eye Care may be provided by qualified optometric interns in training, under the direct supervision of a fully degreed and licensed optometrist or other physician who will repeat key parts of the examination. I understand that the services I receive will only be performed when felt necessary and that some of these services may not be covered by my insurance. I understand I will be responsible for payment in full for all such services not covered by my insurance, that they may be considered lawful debt and promise to pay said fees including the cost of collection (\$50 collection fee will be assessed for any accounts sent to collections), attorney fees, and court costs if such be necessary, waiving now and forever the right to claim exemption under the constitution and laws of the State of Alabama or any other state.

\*\*THE USE OF DILATING DROPS:\*\* I understand than in order to completely examine the eye, the physician will often require the use of dilating drops to enlarge my pupils. I understand that dilation frequently causes sensitivity to light and may blur vision to a degree and for a length of time which varies from person to person (usually 2-4 hours), and that, as a result, may temporarily impair ability to drive or perform certain tasks. Other extremely rare adverse effects include angle-closure glaucoma.

I understand that dilation is generally recommended at least every 1-2 years, depending on age, risks and symptoms. I understand that a retinal photograph does not replace the need for a dilated eye exam. Risk factors include, but are not limited to:

- High myopia (-6 or greater Rx)
- History of retinal tear or detachment
- New onset flashing lights, floaters or partial loss of vision
- · Recent history of trauma
- Medical conditions such as diabetes
- Any concerning pathology on fundus photos that requires further dilation.
- \*\*PERMISSION TO FILE INSURANCE CLAIMS AND FOR DIRECT PAYMENT OF INSURANCE BENEFITS: \*\* I authorize UAB Eye Care to file claims to my insurance provider on my behalf. I understand that I can revoke this authorization at any time by providing UAB Eye Care with a written statement indicating that I revoke this authorization.
- \*\*PERMISSION FOR DIRECT PAYMENT OF INSURANCE BENEFITS:\*\* I authorize my insurance provider to make payments on my behalf directly to UAB Eye Care. I understand I can revoke this authorization at any time by providing UAB Eye Care with a written statement indicating that I revoke this authorization.
- \*\*PERMISSION TO RELEASE RECORDS TO OTHER HEALTHCARE PROVIDERS:\*\* I authorize UAB Eye Care to release records information regarding my care to other healthcare providers involved in my medical care. I understand I can revoke this authorization at any time by providing UAB Eye Care with a written statement indicating that I revoke this authorization.
- \*\*PERMISSION TO USE ANONYMOUS MEDICAL INFORMATION IN HEALTHCARE TRAINING:\*\* I authorize UAB Eye Care to, when indicated, make use of information for my medical records (including images of medical conditions) for the purposes of medical education. I understand that information used in this manner will not identify me by name and that I can revoke this authorization at any time by providing UAB Eye Care with a written statement stating such.
- \*\*NOTICE OF PRIVACY PRACTICES (HIPAA):\*\* I understand that UAB Eye Care and its affiliated clinics may share health information for treatment, billing, and healthcare operations. I acknowledge that I received notice of the UAB Eye Care Notice of Health Information Practices that describes how my health information is used and shared. I understand that UAB Eye Care and its affiliated clinics have the right to change this notice at any time. I may obtain a current copy by contacting UAB Eye Care or any of its affiliated clinics.
