OVERVIEW OF THE SCHOOL OF HEALTH PROFESSIONS

The UAB School of Health Professions (SHP) is one of the largest academic institutions of its type in the United States. What began in the 1950s as a collection of training programs in various para-professional disciplines has grown into an internationally recognized center of academic and research excellence.

Today, we have five academic departments – Clinical and Diagnostic Sciences, Health Services Administration, Nutrition Sciences, Occupational Therapy, and Physical Therapy – that are housed in four buildings: Susan Mott Webb Nutrition Sciences (WEBB), Learning Resource Center (LRC), the School of Health Professions (SHPB), and the Center for Biophysical Sciences and Engineering (CBSE).

We are proud of many accomplishments including:

- *U.S. News & World Report* ranks all eligible SHP programs in the nation's top 25.
- Research funding is at an all-time high of \$26+ million and growing.
- Nearly 10 of our programs you will only find in Alabama at UAB.
- Our school has never been stronger or better positioned as a national leader in health professions education. And this status will only grow stronger as we continue to welcome students like you.

ACADEMIC INTEGRITY CODE

The University established a new Academic Integrity Code effective August 23, 2021. This Code, which applies to undergraduate, graduate, and professional students as well as all academic activities, defines academic misconduct and outlines procedures for breaches of the code. Policies are established for resolution of charges of academic misconduct, and these processes are managed by the Academic Integrity Coordinator (AIC). In the School of Health Profession, the AIC is the Associate Dean for Academic and Faculty Affairs, the office is located in SHPB 660. The full text of the Academic Integrity Code is available at: [Academic Integrity Code](#).

ATTENDANCE

Class attendance is expected in all SHP programs. Specific class, laboratory, or clinical site attendance requirements may be more stringent than university guidelines. Refer to the program requirements in this handbook and in course syllabi for policies. The UAB attendance policy is as follows:

The University of Alabama at Birmingham recognizes that the academic success of individual students is related to their class attendance and participation. Each course instructor is responsible for establishing policies concerning class attendance and make-up opportunities. Any such policies, including points for

attendance and/or participation, penalties for absences, limits on excused absences, total allowable absences, etc., must be specified in the course syllabus provided to students at the beginning of the course term. Such policies are subject to departmental oversight and may not, by their specific prescriptions, negate or circumvent the accommodations provided below for excused absences.

The University regards certain absences as excused and in those instances requires that instructors provide a reasonable accommodation for the student who misses assignments, presentations, examinations, or other academic work of a substantive nature by virtue of these excused absences.

Examples include the following:

- Absences due to jury or military duty, provided that official documentation has been provided to the instructor in a timely manner in advance.
- Absences of students registered with Disabilities Services for disabilities eligible for “a reasonable number of disability-related absences” provided students give their instructors notice of a disability-related absence in advance or as soon as possible.
- Absences due to participation in university-sponsored activities when the student is representing the university in an official capacity and as a critical participant, provided that the procedures below have been followed:
 - Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.
 - If a change in the schedule occurs, students are responsible for providing their instructors with advance written notification from the sponsoring unit or department.
- Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students.
- Absences due to religious observances provided that students give faculty written notice prior to the drop/add deadline of the term.

In these instances, instructors must give students the opportunity to complete assignments in a way that corresponds as much as possible to the nature, scope, and format of the original. Options may include making up exams or other assignments, rescheduling student classroom presentations, or arranging for early or late submission of written assignments. The course make-up policy should be included in the syllabus.

BACKGROUND CHECK AND DRUG SCREEN POLICY

Students in SHP programs are required to undergo a background check and drug screen using the school's approved vendor, [CastleBranch](#), at the time of program admission, and again, prior to placement in a fieldwork placement (clinical, internship, practicum, residency, etc.). Instructions for requesting the background check and drug screens are provided to students by their programs. Students enrolled in SHP undergraduate programs will complete a learning module in the campus learning management system by the first semester of enrollment.

The Office of Academic and Faculty Affairs is responsible for ensuring student compliance throughout the program. Students found to be non-compliant will not be allowed to matriculate in the program (orientation, attend class, fieldwork placement, etc.) until all requirements are met. Program Directors, Fieldwork Coordinators, and students will be notified of non-compliance and a hold will be placed on the students' account.

- Fees for these screenings will be the responsibility of the student.
- The rules and regulations governing individual fieldwork placement sites may include additional provisions and/or more stringent guidelines which supersede this policy. Fees for these screenings are the responsibility of the student.
- Should your criminal background check contain issues, or if you fail a drug screen that may prevent you from receiving or sitting for board certification/licensure, a representative from the Office of Academic and Faculty Affairs will contact you. Depending upon the outcome, students will have a registration hold placed on their account until in compliance and this may result in being dismissed from the program. See program's guidelines regarding specific consequences.

Programs requiring a criminal background check and drug screening by the end of the first semester of enrollment and again, prior to fieldwork placement (if applicable in the program requirements), are the following:

SECTION 3 – PROGRAM POLICIES

CODE OF CONDUCT

You are a graduate student in the Master of Science in Health Administration Program at The University of Alabama at Birmingham. Our mission is *Developing leaders to shape tomorrow's healthcare through an exceptional master's-level educational experience*. In keeping with this mission, we are committed to teaching you:

1. Health care functions and processes used by healthcare professionals.
2. Behavioral expectations that the healthcare world will have for you.

To be successful in your career, you will have to learn how to plan, organize and manage operations. You will have to know how to understand the complex health care delivery system, lead others in delivering quality patient care, understand financial statements, and know how to work in teams. Additionally, you will have to know how to conduct yourself in business settings. What you say, how you say it, how you dress, etc. will significantly affect your ability to secure employment as a professional and to succeed in your career. As faculty, it is our goal and responsibility to help you understand both the concepts of health care and the behavior that will help you excel in your career as a health care administrator. Health care is a unique field, and it is our goal to “socialize” you into the profession while you are in our Program.

With these goals in mind, the MSHA faculty has established the following Code of Professional Conduct that is consistent with workplace expectations and followed in all MSHA classes.

1. ATTENDANCE AND CONTRIBUTION

- a. Attend all class meetings and other planned meetings (e.g., teams).
 - i. Class meetings are considered normal work assignments. Failing to attend class is equivalent to missing a day's work.
 - ii. If you must miss a meeting, inform your instructor in advance (or as soon as is practical) of the reason for your failure to meet your obligation. If you become ill or have a legitimate reason to leave class early, inform your instructor of the circumstances.
- b. Be on time and do not expect to leave early. Showing up late to work and “slipping away early” are unacceptable behaviors.
- c. Be prepared and participate meaningfully in all meetings.
 - i. Be interested and be interesting to others in your class. Engage your instructor and peers in meaningful discussion of the class topics. In business meetings, participants must be engaged and make significant contributions.

- ii. Come to class prepared to contribute meaningfully to discussions.
Class assignments are akin to business work assignments.
- iii. Ask questions to seek understanding and answer questions to the best of your ability.

2. PROFESSIONALISM AND DRESS CODE

- a. Business casual dress is expected during classes and professional business attire when external speakers or projects are involved in the course.
- b. Neither hats nor caps should be worn in the classroom.
- c. Shirts with vulgar or unprofessional language or visual images are inappropriate. Clothing that is immodest or suited for parties, sporting events, and other social occasions, is not suited for business meetings.

3. CLASSROOM PARTICULARS

- a. Turn all cell phones off. If you anticipate an emergency call, set the phone to vibrate.
- b. The use of cell phones for talking and/or text messaging in class is not allowed.
- c. Electronic devices (laptops, PDA, iPads) are not allowed in the classroom except when everyone is required to use the technology.
- d. Passing notes and whispering in class are distracting and inappropriate in a professional setting.
- e. Avoid leaving the class for any reason. If you must depart, do not return.

4. ACADEMIC INTEGRITY

- a. Adhere to the MSHA policy on Academic Honesty and Integrity (detailed policy below). If you believe that you will have any difficulty fulfilling any of these expectations, please discuss with your instructor at the beginning of the semester.
- b. It is the student's responsibility to both understand and comply with this Code of Conduct, SHP policy and all UAB policies. Violations to the Code of Conduct Policy will be addressed on a case-by-case basis. Consequences may include, but are not limited to:
 - 1. Counseling the student
 - 2. And/or dismissal from the Program

POLICY ON ACADEMIC HONESTY AND INTEGRITY

The graduate programs in Health Administration follow the [University's Academic Integrity Code](#).

The University of Alabama at Birmingham expects all members of its academic community to function according to the highest ethical and professional standards of behavior. The Master of Science in Health Administration Program regards honesty and integrity as qualities essential to the practice and profession of health services management. The purpose of this policy is to promote guidelines so that each student can fully develop his/her individual potential and to cultivate behaviors and values that will contribute to his/her performance as a health services executive. This policy governs student conduct in all academic and administrative residency activities associated with the MSHA Program. A description of expectations for non-academic conduct, violations of these

expectations and possible disciplinary action is available in the *Graduate Catalog* and in the UAB student handbook.

Each student is expected:

1. not to seek an unfair advantage over other students, including but not limited to giving or receiving unauthorized aid during the completion of academic requirements; and/or project preparation material from either the current academic year or a prior academic year obtained without authorization and consent of a faculty member.
2. to always represent truthfully fact and self and not to misrepresent one's work at any time.
 - a. Examples include:
 - i. Always making correct representation for work presented as one's own.
 - ii. Work presented as group work should be the product of the specified members of the group.
 - iii. Work presented as individual work should be the product of that individual alone.
 - iv. Group work assumes collaboration by the members of the group.
 - v. All other work should be an individual effort.
3. to respect the property and personal rights of students, faculty, and staff.
4. to report all material violations of these expectations and to cooperate with any investigation of an alleged violation; and
5. to obey applicable organizational rules and laws, including confidentiality of information.

Academic Misconduct

The Academic Integrity Code applies to undergraduate, graduate, and professional students as well as all academic activities, defines academic misconduct and outlines procedures for breaches of the code. Policies are established for resolution of charges of academic misconduct, and these processes are managed by the Academic Integrity Coordinator (AIC). In the School of Health Profession, the AIC is the Associate Dean for Academic and Faculty Affairs. The full text of the Academic Integrity Code is available at: <https://www.uab.edu/one-stop/policies/academic-integrity-code>

POLICY ON ACADEMIC PERFORMANCE

To be in good academic standing in the Graduate School, a student must maintain a grade point average of at least 3.0 (on a 4.0 scale).

Students are considered to be making satisfactory progress toward the MSHA degree if they follow the prescribed course sequence established by the Program. Students whose schedules vary from the sequence must discuss this variance with the Program Director.

Students who are admitted on probation must demonstrate their ability to perform at the level required for graduation by establishing good academic standing at the end of the first semester of full-time academic coursework (i.e., at the completion of sixteen credit hours). Students who do not accomplish this level of performance will be dismissed from the Program and the UAB Graduate School.

A student who has been in good academic standing, but who at the end of any regular term fails to meet the criteria to continue in good academic standing (a 3.0-grade point average or better), will be placed on probation. Such a student must re-establish good academic standing within the next two regular terms of graduate study undertaken. Students who do not accomplish this level of performance will be dismissed from the Program and the UAB Graduate School.

A student, who earns three or more grades of "C", or any grades of "F" in any course taken in pursuit of the single MSHA degree will be dismissed from the MSHA Program.

No student may enter his/her administrative residency with a grade point average of less than 3.0 in academic coursework (required and elective) needed to complete the MSHA degree or any course in single or coordinated degree programs.

A student receiving a grade of "I" in a course has until the end of the following semester to remove the deficiency or the grade will be changed to an "F." A student may not enter the administrative residency if any "I" grades for academic courses remain on his/her transcript.
